## Our Vision

We envision a world in which access to food, clean water, education and shelter is a norm. The opportunity to live peacefully is offered to all without discrimination.

## Strategy

We work on strategic programmes to eliminate poverty that focus on:

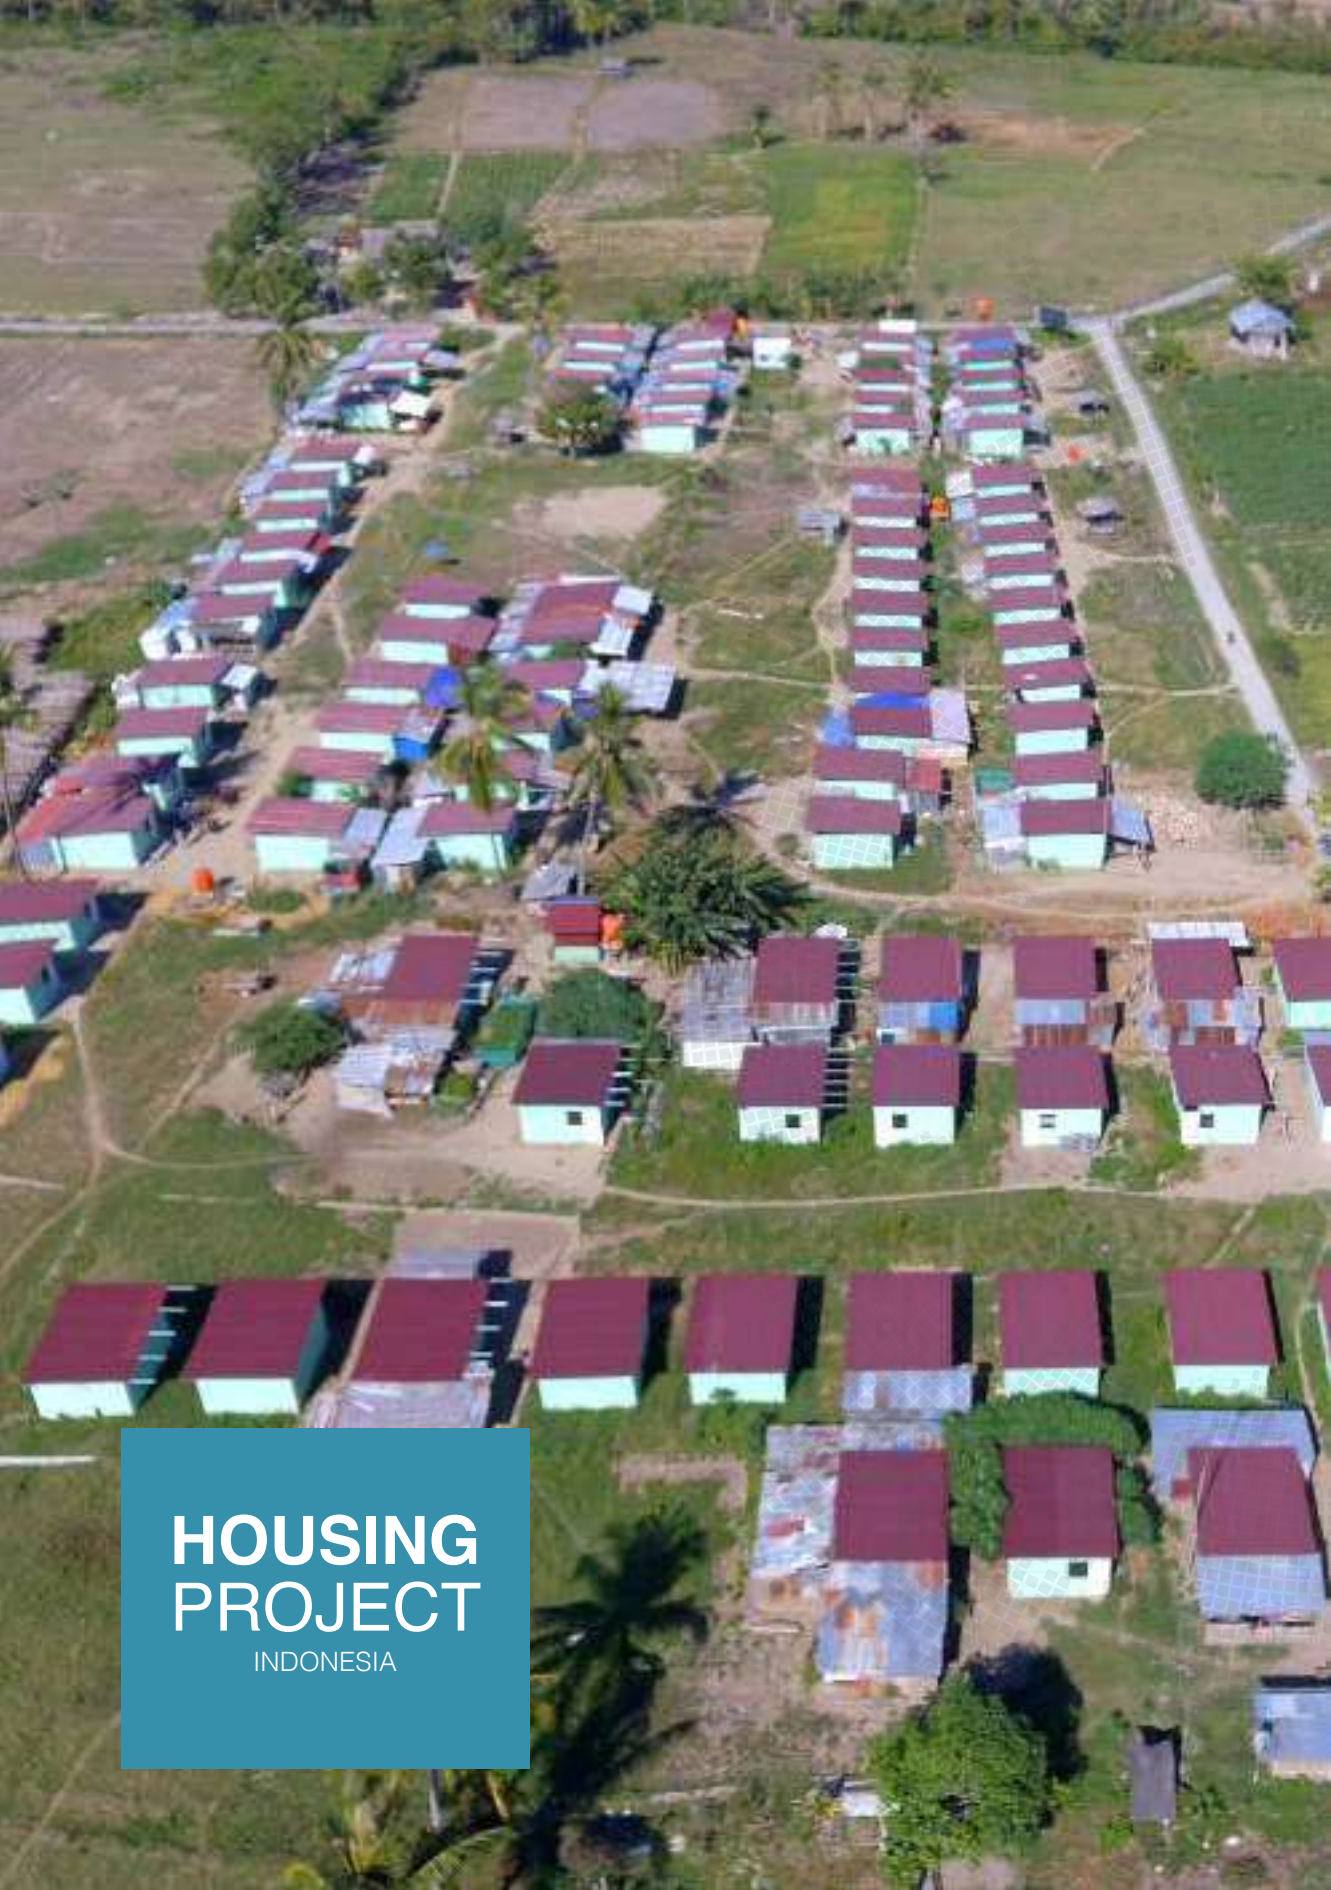

- Emergency relief
- Education
- Skills training
- Provision of clean water
- Healthcare
- Income generation projects.

## 100% Donation Policy

U.K. government generously allows registered charities to claim an additional 25% on top of any donations that U.K. taxpayers may make. Gift aid allows One Nation to maintain its 100% donations policy by covering administrative costs. Any excess of admin funds will be added into our emergency relief fund.

“Whoever saves a life, it would be as if they have saved the lives of all mankind.”

(Qur'an 5:32)

## INDONESIA TSUNAMI AND EARTHQUAKE

On September 28th, 2018, an earthquake of magnitude 7.5 struck Indonesia's Central Sulawesi province, triggering a tsunami and landslides that caused widespread destruction and loss of life.

More than 2,000 people died, 4,400 were seriously injured. Around 1.5 million people in Central Sulawesi were affected. More than 68,000 houses damaged or destroyed, with thousands of people displaced.

Shortly after the tsunami hit, our team in the UK flew out to the devastated areas and organised a rapid emergency response, providing food and clean water to the survivors. A couple of days later some land was generously donated by a local resident where we started constructing shelters for the people who lost everything. This was the start of a long-term project.

### Tragedy

Sister Noornihal and her husband Waluyu visited a rubble site every day where their home was destroyed, where their 3 daughters were buried underneath the rubble. They are in hope of a miracle.

Sister Noornihal and her husband mentioned that most of their neighbours in the village were buried as the ground caved in during the earthquake.

Jammu Kashmir Aid  
Distribution 2019

## JAMMU KASHMIR

In August 2019, government authorities shut down all communication in and out of Jammu and Kashmir. Restricted freedom of movement and banned public meetings.

The disruption to internet and telecommunication services exacerbated the information blackout, while the restrictions on movement placed vulnerable people at risk, hindering access to crucial medical care and daily services.

Over a million people live inside of Srinagar. Residence are facing shortages of food and other basic necessities as shops remain shut and public movement limited.

Shortages of prescription drugs are a major worry to the vulnerable. ATMs are cashless and banks shut.

With your support and donations our team in Srinagar have distributed food packs to those most in need.

# Sustainable Livelihoods Projects

### Sustainable livelihoods projects

Our goal at One Nation is to see the vulnerable become self-sufficient and self-sustaining, rather than dependent on aid. We strive to help them regain their pride, independence and the ability to provide for themselves and their families. In Jammu and Kashmir we have been distributing sewing machines to impoverished families, enabling them to learn a new skill and generate an income.

Thank you to everyone who have supported this project and helped give this opportunity to the people of Kashmir.

### Sheep farming project

One Nation provided 5 families with 8 sheep/lambs in Jammu and Kashmir for the purpose of rearing and selling them at a profit leading up to Eid-UI-Adha, the families will then re-invest the monies into more livestock for the following year. Over time these families will grow the livestock with the profit they earn and become self-sufficient.

# SYRIA WIDOWS AND ORPHANS VILLAGE

The second phase of the Widows and Orphans Village In Syria has been completed. This phase is now providing 36 widows and orphans a home. Each home has electricity and clean water. Fully furnished with carpets, sofas, beds, heaters, washing machine and a gas cooker. A monthly food parcel is provided to each family. The building includes educational facilities which can be accessed by all.

## A widowed family

“My name is Umm Hazim i'm from Rural Hama. I have 2 daughters and 1 son. In Hama we had a home and a store. I left my village after heavy bombardment and was living in refugee camps for 5 years. Since arriving in the One Nation village, we have been provided with heating, fuel and food. We attend computing, sewing and english courses, learning the Holy Quran and Tajweed. The children attend school and Quran classes. We are very fortunate to live in the One Nation village.”

## Syria floods December 2018

**Emergency** - On 27th December, heavy rainfall caused severe flooding in rural areas of northern Syria, destroying shelters in 11 camps which accommodated approximately 25,000 people.

**Response** – One Nation delivered warm clothing, blankets, hygiene kits, heaters and fuel to the affected families, widows and orphans in Al mash-had camp in Kah, Idlib. We also purchased tents to provide shelter to those families that had lost everything.

## Shelter village in Syria

**Emergency** - Over 180,000 people fled when bombing started around areas of Idlib. Families were sleeping in fields and forests under olive trees with no possessions and hardly any food or water.

**Response** - One Nation launched an appeal to provide Emergency shelter for these families. We built a village with over 200 heavy duty tents accommodating over 1000 people. Clean water and monthly food packs were given to every family. Toilets and washing facilities were built.

# Humanitarian Aid and Emergencies

## Albania Madressah Fund – January 2019

One Nation team visited Albania and provided funding towards the renovation of educational institutions. Money was spent on enhancing the quality of free services provided to impoverished communities. Approximately **300 individuals** directly benefitted from this project.

## Uyghur Refugees in Turkey

Having escaped extreme hardship, thousands of Chinese Uyghur men, women and children are rebuilding their lives in Turkey. One Nation team in Istanbul delivers regular monthly food parcels to these refugees.

## Bangladesh floods Cox Bazaar – July 2019

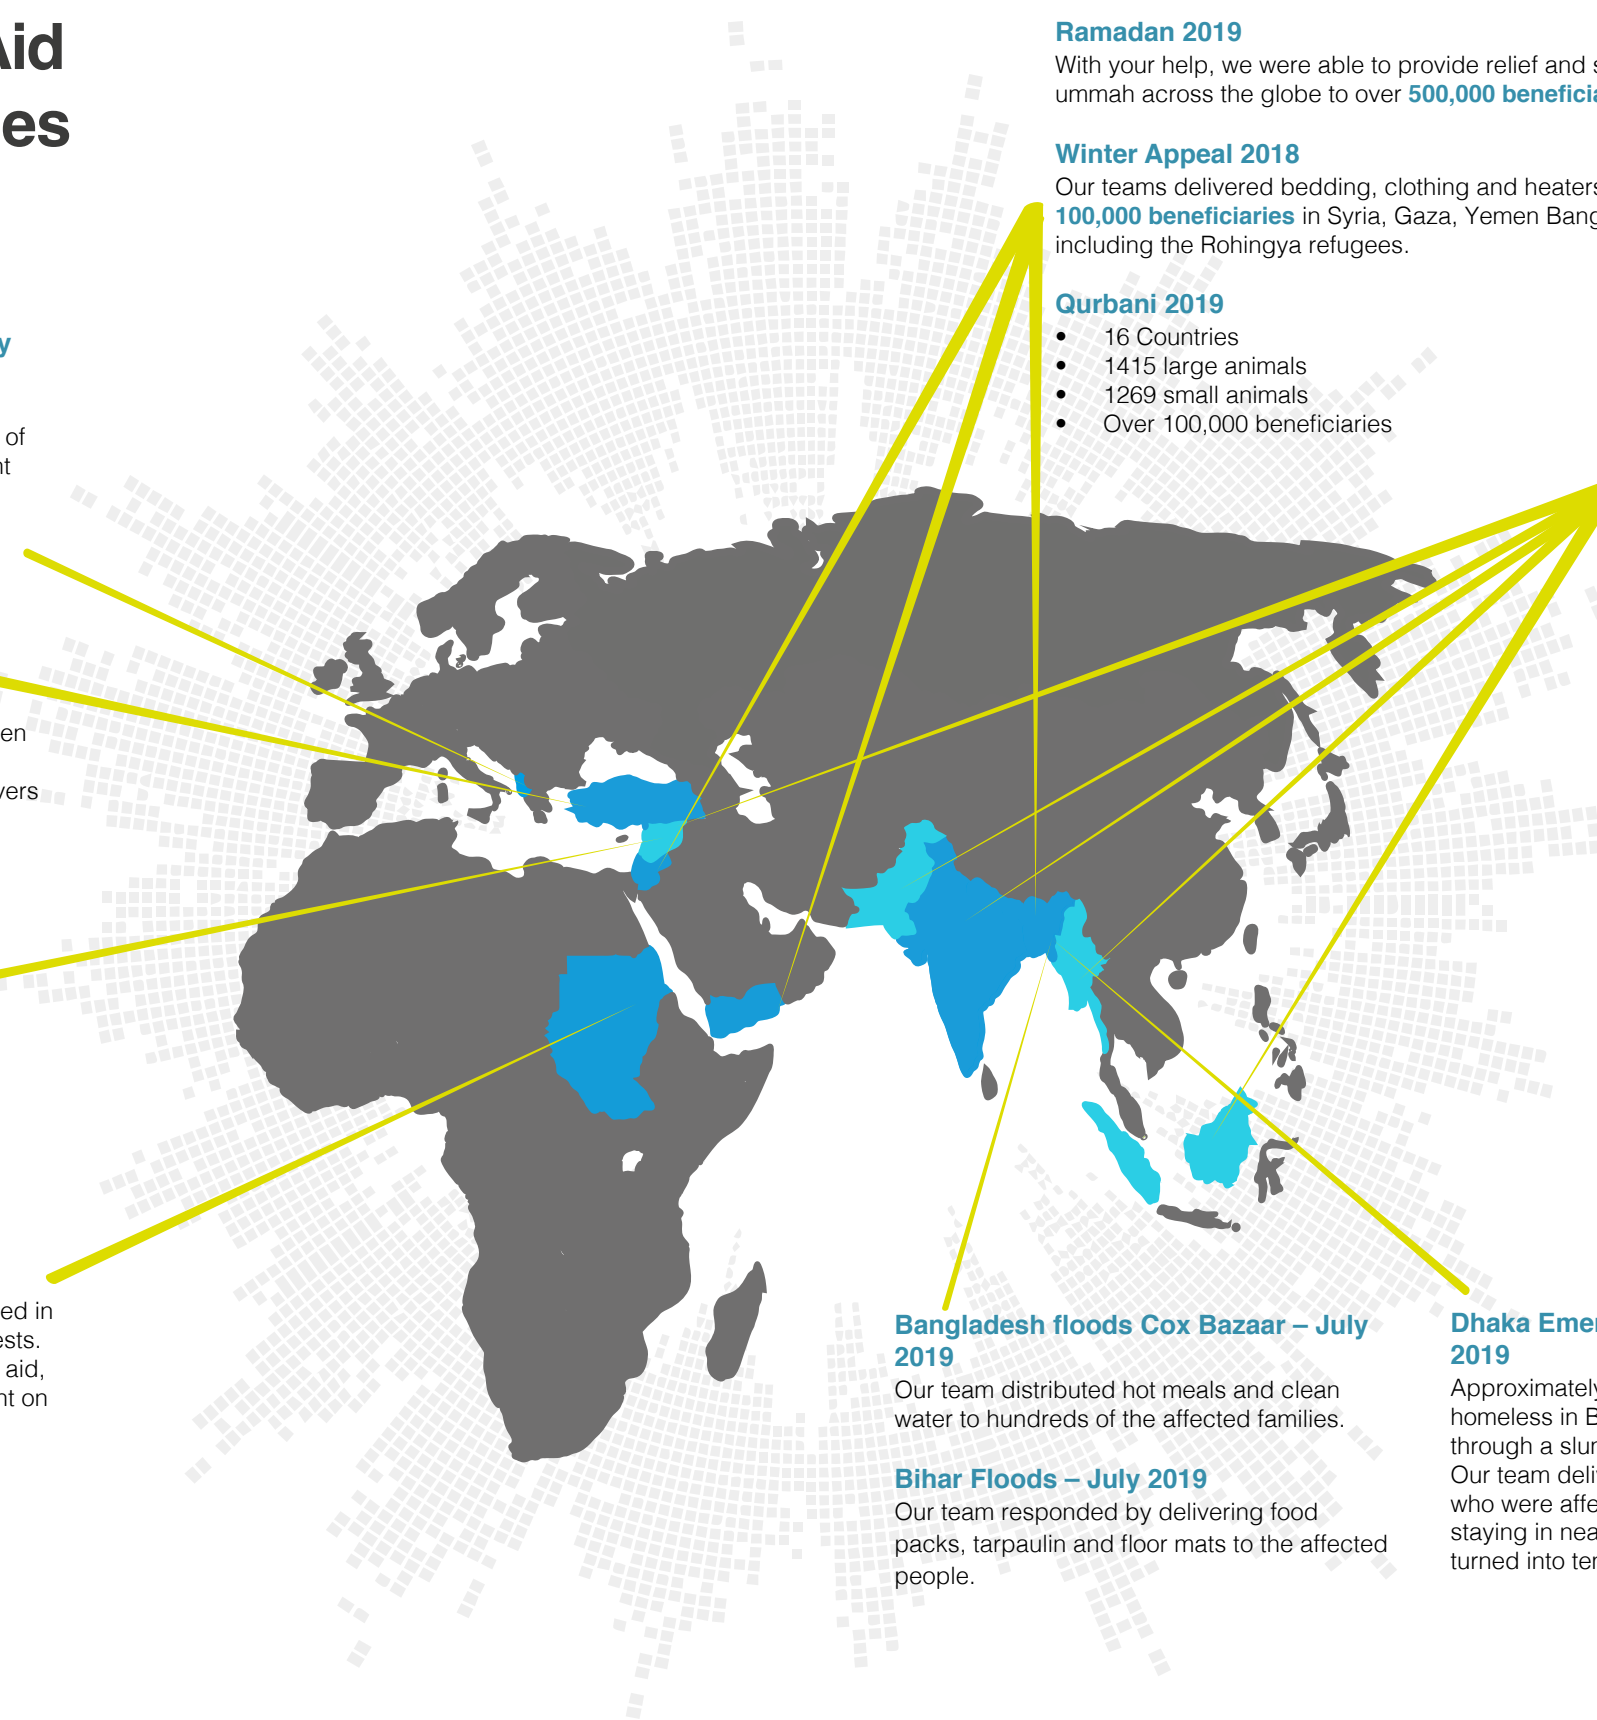

Our team distributed hot meals and clean water to hundreds of the affected families.

## Bihar Floods – July 2019

Our team responded by delivering food packs, tarpaulin and floor mats to the affected people.

## Dhaka Emergency Appeal – August 2019

Approximately 50,000 people were left homeless in Bangladesh after fire tore through a slum village in the capital of Dhaka. Our team delivered food packs to the people who were affected. These families were staying in nearby schools that had been turned into temporary shelter homes.

# Prosthetic Artificial Limbs Clinic Syria

The One Nation PALS Clinic helps those who have lost limbs.

Prosthetic artificial limbs clinic in Syria - **Provided over £200,000 for prosthetic parts.**

Thousands are injured each month and in need of medical care. For many, life will never be normal again and a prosthetic limb is unaffordable. One Nation PALS clinic helps those who have lost limbs. Patients will receive a high quality prosthetic limb and rehabilitation. Sadly, many of these patients are children. With your help and generous donations, PALS clinic has helped over 150 patients in the last year, bringing them closer to a normal life again.

# Education And Development

## One Nation School Idlib, Syria

One Nation school in Idlib teaches over 250 students between the ages of 8 and 13. They receive the finest education in Idlib city. Subjects taught include Maths, Science, English, Arabic, Religious studies and Trauma recovery. The school provides hot food daily for all the staff and students, and transportation for the students making their journey to school and home easy and safe.

"My Name Is Abdul Razzaq Sijnawi and I am 10 years old. I live at home with my mother and four siblings. I am originally from Hama but now I live in the refugee camps. I love my School because I learn a lot and have lots of friends. My favourite subjects are maths and Arabic. When I grow up I want to be a maths teacher. If this school was not open I would have no future"

## Hafiz

One Nation is successfully providing sponsorships to many students who regularly attend Quran memorisation institutes across different rural areas of Aleppo and Idlib. The administrators of the 'Hafiz in Syria' project carry out monthly visits to each institute to ensure the students are meeting the required memorisation standards, where they are then given their monthly sponsorships and a written report on their progress.

## Women's Empowerment Centre in Syria

Women's Empowerment Centre located in the heart of the refugee camps in Northern Syria is an education centre providing classes in first aid, knitting, basic healthcare, art, reading, writing and Quran teachings. There was a long waiting list of students wanting to enrol. We moved to a larger facility, the centre now has over 500 students providing skills that can prove vital when living in a war zone, a sense of self-worth and independence.

## Empowerment Albania

This initiative came about when discussing local community issues. How do we get young people of the streets, spark a passion, give them motivation and help build future leaders. Conclusion was by giving them an opportunity to travel, see how people live who are less fortunate and how they can make a real difference to people's lives.

One Nation organised a deployment to Albania to deliver aid and raised funds for students to become scholars who will teach and pass on knowledge in their local communities.

One Nation is dedicated to bringing positive change locally and globally.

## UK Empowerment Projects

### Domestic Abuse Counselling and Psychological Support

One Nation recognises the issues of domestic abuse within communities, and have initiated a campaign alongside a charity called Nour DV, to support survivors of abuse. This year, One Nation financially supported over 100 survivors. Which included counselling in London and assessments in Birmingham.

**Testimonial:**

"I used to (take anti-depressants) at the beginning

of this session but now I'm completely off them. Self-harm? I haven't done (self-harm) since talking to my counsellor. This has helped.

**"Counselling has changed my way of thinking about life."**

Counselling has changed my way of thinking about life. This (service) should be readily available to others because people like me do not know that counselling can change lives. My life is so much happier and my belief has changed in so many ways."

### Winter packs for the homeless

During the winter months of 2018/2019, Our local teams visited Rochdale, Oldham, Manchester, Bradford and Leeds to distribute over 200 winter packs to the homeless. Packs consisted of hats, gloves and socks. We also distributed hot food, tea, coffee and water bottles.

We provided raincoats and food parcels to refugees, asylum seekers and the vulnerable during Ramadan in Leicester.

We regularly collect food items and donate to local food banks.

### North Yorkshire floods

August 2019 extensive flooding took place in North Yorkshire, hundreds of families were in need of food, clean water and assistance in cleaning their homes.

The One Nation team travelled to the Reeth Memorial Hall in Richmond to drop off cleaning items, which included detergents, brushes, cleaning cloths, gloves and bottled water that was generously donated. We coordinated with local teams and visited surrounding villages where many farms were destroyed and homes were completely flooded. We would

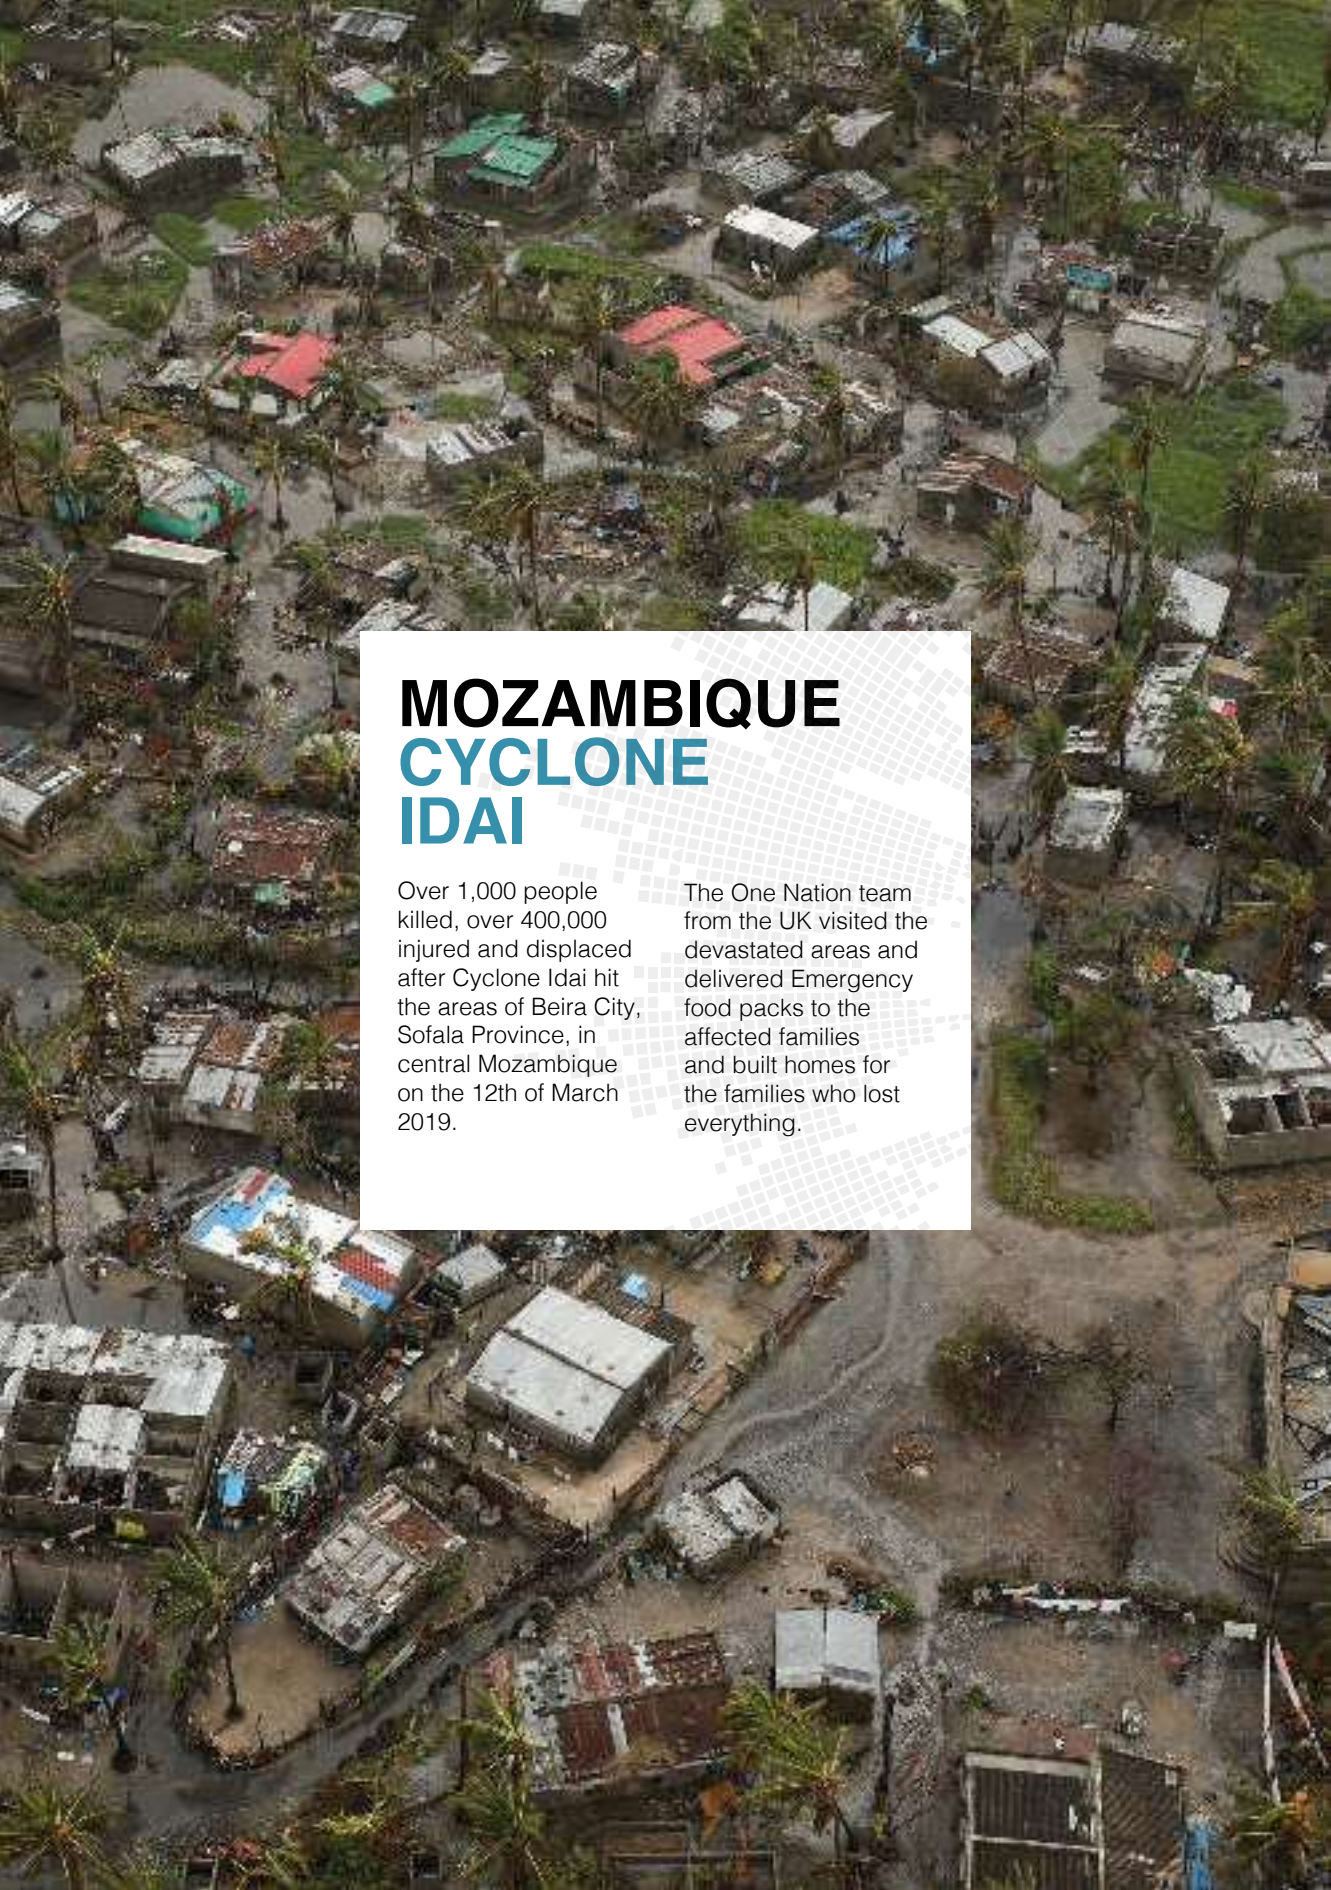

like to thank the community of Richmond and Team Rubicon UK for their assistance and amazing efforts.

Generous donations from MPIT charity group Batley, ICS Dewsbury and Bradford, Ottimo Supplies and the general public of West Yorkshire for their kind donations and support.

# Deployments

## MOZAMBIQUE CYCLONE IDAI

Over 1,000 people killed, over 400,000 injured and displaced after Cyclone Idai hit the areas of Beira City, Sofala Province, in central Mozambique on the 12th of March 2019.

The One Nation team from the UK visited the devastated areas and delivered Emergency food packs to the affected families and built homes for the families who lost everything.

### TANZANIA

One Nation teams visited Dar es Salaam, Tanzania in March and June 2019 to oversee income generating projects. Funds donated were spent on setting up the following projects:

- Tyre workshop business for 10 people
- Bikes were distributed to 50 people
- Fryers were distributed to 50 people
- 4 car wash machines

- Shoe Business
- Chicken farm

We visited many orphanages and schools providing essential food supplies.

### ALBANIA

One Nation took a group of young adults to Albania to visit ongoing educational projects. They visited different Madrassas, met local Imams and students who gave everyone an insight into the Islamic education system in Albania and the level it is currently at. They also held an Empowerment Albania Sports Day. Different sports activities for the youth were planned.

They were able to see One Nation's Self Sustaining project in action, a truly powerful and emotional experience when they met the first family to collect a sewing machine. The team distributed food packs to those most in need inside Cërrik.

## What Next?

# Ramadan 2020

## A time to be united

One Nation will always strive and respond to the needs of the vulnerable by providing food, clean water, shelter, clothing, medical and emergency aid across the world. We are currently providing regular support in 10 countries every month including the Uyghur refugees in Turkey.

Our aim is to increase support in the UK by assisting with short term accommodation, hot food, and warm clothing and psychological support to

domestic abuse victims. As part of "Empowering Women Campaign", we aim to offer more social activities and support for the women/elderly within our communities.

Project Africa will see a huge investment going forward. Investing in self-sustainable projects through irrigation in the regions which have seen thousands of families face famine over the past few years.

In Bangladesh our aim is to build orphanages that will provide accommodation and education for vulnerable children, giving them a chance for a brighter future.

Ramadan is a sacred month of the year for millions of refugees around the world, they won't eat or drink from sunrise to sunset. A time to reflect, pray and devote themselves for a whole month.

It is the month when the Holy Qur'an was revealed. Muslims around the world open their hearts and give abundantly in charity. A time for us all to demonstrate unity and come together in the aid of those who are in desperate need around

the world. Together we can provide people with food, clean water, clothing and shelter.

One Nation is distributing food packs and hot Iftar meals throughout the holy month of Ramadan. We are aiming to provide much needed support to families suffering in Gaza, Syria, Yemen, Rohingya refugees in Bangladesh and Myanmar (Burma) - described by United Nations as one of the world's most persecuted minorities.

### 2020
