## 100% Donation Policy

We are very proud to have a 100% donation policy which allows us to maximise the support and aid you provide with your donations. Every penny you donate will go towards saving lives across the globe.

# TRUSTEES MESSAGE

As our Annual Report and Financial Summaries will go on to show, the team at One Nation have continued to overcome global challenges in the face of adversity. Lives, both of our donors as well as our beneficiaries have been impacted significantly in many different forms. Despite these challenges, we have continued to serve the people we were set up to serve, helping to save and enrich lives of our brothers and sisters across the globe.

One Nation was set up in 2014, providing emergency food, water and shelter to Syrian refugees who found themselves as innocent bystanders in the conflict. With your help and trust, we have made strides in to becoming much more than that, now operating in 5 continents. With our footprint expanding to 40+ countries with a variety of projects, we actively focussed and continue to focus on splitting our resource between critical emergency aid as well as self-sustainable aid, helping beneficiaries break the cycle of poverty to build brighter futures for generations to come.

The One Nation team has continued to grow on the back of your continued trust in us. We give our warmest thanks to you in helping One Nation reach £14 million in income for 2020. This is an immense increase of 45% from 2019, which has enabled us to expand our operations to millions of beneficiaries across the globe.

We, as a board of Trustees, would also like to extend our gratitude to our staff and volunteers who have worked tirelessly around the clock, remaining at the forefront of our aid work for yet another year. Our fundraisers have also continued to create innovative methods of raising donations for causes that are close to their heart, and for that we are thankful.

It is my privilege to volunteer alongside our Chair of Trustees, Maqsood Motala, as well as fellow Trustee Nadeem Seedat, who have helped drive the charity forward since our set up in 2014. With the help of a close team as well as the Charity Commission, we continue to strive towards excellence with regards to the Governance of One Nation.

Please do take the time to read through our Annual Report, where you can see just how we're taking your donations further.

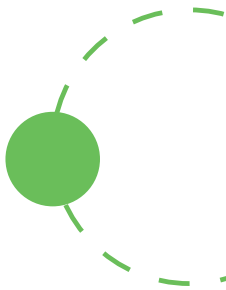

May He continue to bless us with the means and opportunity to serve humanity sincerely Ameen.

# GAZA

THE TRAUMA CAUSED BY THE  
**11 DAYS OF FEAR**  
CAN NEVER BE ERASED

In May 2021, 256 people including 66 children were killed and a further 2,000 people injured.

During this period of intense unrest, people spent days in fear. We received heartbreaking messages from people inside Gaza every day: "I might be the next to die"; "I can't stand up because my legs are shaking, and I can't even press the buttons on my phone because my hands are shaking".

# SPONSORSHIPS

8 years into our journey at One Nation, we have increased our support for orphans around the world.

Changing a life of an orphan is one of the most amazing ways of giving. The Prophet ( ) said "I and the person who looks after an orphan and provides for him, will be in Paradise like this," putting his index and middle finger together (Sahih al bukhari 6005)

## CURRENTLY SUPPORTING **1,000+** ORPHANS

### DID YOU KNOW?

A large number of children are separated from one or both parents, some without an adult to look after them. An estimated 600,000 widows and orphans are inside Syria, with numbers continuing to rise.

With the support of your donations we are now able to support orphans in;

- Syria
- Yemen
- Bangladesh
- Gaza
- Azad Kashmir

# HOMES PROJECTS

## HOMES 4 SYRIA

The number of displaced families in Syria has increased day by day. Basic essentials such as shelter are scarce for thousands of families. Through the Homes4Syria project, One Nation has built almost 1,000 homes for the vulnerable and those most in need. The village also includes Masjid As-Salam and clean water facilities

More than 1.5 million internally displaced people are living near the border areas of Turkey.

Nearly 11.1 million people in Syria need humanitarian assistance and about half are children

## UMM ASSAD'S STORY

"I'm a mother of 5 children, I'm from Western Aleppo. When the army started to advance we were displaced. Initially we escaped the bombings and headed towards Southern Aleppo. Then we had to move again to Western Aleppo.

Constantly migrating to a new area was extremely difficult and half of my family were injured by the bombings.

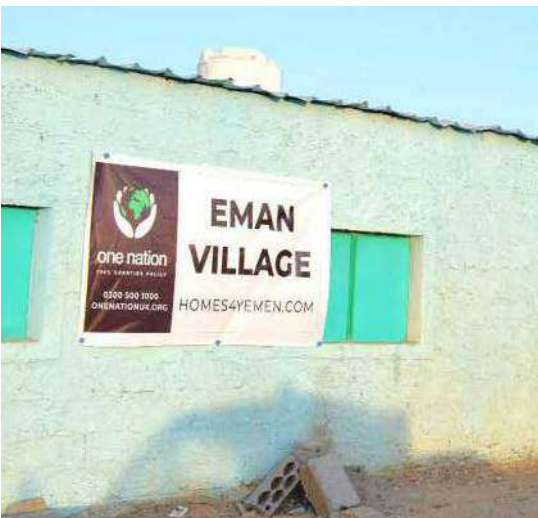

We barely made it to the refugees camps which were already over-crowded. In these camps and in these tents life is hard, the weather is unbearable in both the summer and the winter. One day, we were visited by One Nation and they offered us weather conditions and have some privacy for me and my children. I wish Allah to reward them in this world on behalf of me and my children. I finally feel safe again".

## HOMES 4 YEMEN

Over six years into the conflict, Yemen remains the world's worst humanitarian crisis with **20.7 million people - 71% of the total population - in need of emergency assistance.**

The first half of 2021 continued to pose challenges to One Nation's life-saving aid projects, ranging from heavy rains destroying shelters of internally displaced populations to threatening infrastructure as well as severe malnutrition.

Along with providing vital aid through the year, One Nation has changed the lives of **over 400 families** by building homes for them as part of our Eman Village project.

# AFGHANISTAN

Over 300,000 people were displaced in 2021 due to internal conflict and nearly 23 million people (half of the population) are acutely food insecure.

One Nation has been working in Afghanistan since 2017 and our teams are responding by providing urgent support to the most needy such as -

- Monthly food aid
- Shelters for the displaced
- Medical care
- Clothing
- Hygiene kits
- Winter aid

We also built masjid, constructed water wells and continued to provide 26,000 litres of clean water every month.

# SOUTH AMERICA

In South America, the population of Muslim communities is growing. Approximately 1.5 million Muslims require assistance and support. Argentina, Brazil, Guyana and Mexico are the countries we currently work in. Despite the fact that we only started this year, your generous donations have allowed us to make significant progress.

## BRAZIL

Brazil is one of the most densely populated countries in the world a population of around 212 million. Approximately 16 million of them are living in poverty and of that, (24%) 4 million of them are living on no income.

## ARGENTINA

Argentina is a country where 40% of the population lives in poverty and this number is unfortunately only looking to increase. Only  $\frac{1}{4}$  of the children in Argentina are receiving food with help of school kitchens and non-for-profit organisations and with the pandemic, this has only made the situation much worse

## MEXICO

Around 55.7 million Mexicans are living in poverty. Food insecurity is a major problem in Mexico, around 7% of the population are surviving on \$2 a day and can't afford basic necessities. Living conditions are very extreme with families living on dirt floors, tin roofs and walls that are made from mud.

One Nation has now doubled our monthly food parcels to 200 in the last six months. These food parcels are only £25 and it contains basic necessities such as flour, oil, and salt, enough to last a month for an entire family.

We had distributed food parcels and Iftar meals in Ramadan and carried out many Qurbani's during the previous Eid's, benefiting over 1,000 families in South America. Meat is scarce in some countries and for the less fortunate, Eid will be the first time they will have eaten meat in a long time.

# IMPACT AFRICA

## DID YOU KNOW?

Globally, more than 8.9% of the world's population (690 million people) go to bed on an empty stomach each night. Since 2014, the number of people affected by hunger has been slowly on the rise.

# FUNDRAISING

Our online fundraising efforts have continued to grow through 300+ active online campaigns. These include the Water Wells project, Gift of Water, Bricks for Jannah and our popular annual Winter1000 fundraising effort. Your love and support provided heaters, winter clothing, bedding and essential food supplies to those facing sub-zero temperatures. Wet and muddy conditions whilst living in tarpaulin tents without the basic essentials of even a blanket to stay warm makes everyday life in the winter season extremely difficult.

- Project Implementation
- Accounting and Finance

- Operations

Throughout the year, our head office hosted various events which took place right on our door step as well as throughout Yorkshire. From biryani sales to camping outside the office, each event with the help of our volunteers has been a great success. The Batley and West Yorkshire community has always stepped forward to support our noble cause, for that we would like to extend our gratitude to everyone.

# LEICESTER OFFICE

The Leicester team has a dynamic and unique setup that consists of members from a variety of backgrounds and age groups. We are humbly proud of our community involvement and a vast, proactive volunteer and fundraising base consisting of individuals, organisations, masjids, schools, sports clubs and community groups.

The community of Leicester has always played an active role throughout the years, whether it be through fundraising events or responding to emergency appeals with their commitment as well as their brothers and sisters in need around the world.

# CONTAINER AID

Our container aid project began to help bring communities together for a cause to serve the most needy around the world. A key focus of this is the war torn country of Syria that relies heavily on humanitarian containers across the globe.

During our last financial year we set tonnes of food, winter clothes, medical aid, energy in the form of solar panels & generators, educational items, hygiene kits/toiletries and toys to help put smiles on the faces of children who were stripped of their childhood. The value of our goods from High Wycombe alone totalled to approximately £750,000 during our last financial year. We also collected aid and sent containers from Leicester, East London, Rochdale, Walsall, Reading and Batley

We would like to thank every individual who has assisted and helped us with our projects and we hope we can continue to work together, both with our existing partners and also new partners to expand and grow our container aid efforts.
