

One Nation Gaza Update – 5.4.2024

One Nation have been working in Gaza since 2014. We have had an office with many staff and teams all over Gaza. Over the years, we've done various projects including distributing food, providing ambulances and medical aid for hospitals, self-sustainable projects, iftar in Ramadan, rebuilding homes after the last aggression and much more.

Since the latest aggression in October One Nation have had 4 teams on the ground inside Gaza. We have since expanded our work during the aggression and now have 5 teams covering various areas from the north of Gaza to the south.

Just to touch on some of the ways we have been able to help since October 2023 :

1. [Cooking hot meals](#) in our kitchens in Maghazi and [Rafah](#) giving ready cooked meals in UNWRA shelters and to other survivors.
2. We have also had our trustees go to Cairo many times to oversee trucks full of aid. Over 30 trucks of [aid](#) has entered Egypt already and In [Ramadan 2024](#), the team packed [30 trucks](#) full of emergency hygiene packs, food boxes etc to Gaza.
3. Sent 61 trucks in total [trucks](#) of [food packs](#) , [hygiene kits](#) and [water](#) from Egypt
4. Giving out [firewood](#) so families can stay warm and also to cook food.
5. Giving our [winter clothes inside gaza](#) as many people are leaving their homes with nothing. This could literally be the difference between life and death.
6. Visiting hospitals to [give out toys](#) out to orphans and children who have survived bombings. Many children have lost loved ones but by going to see them and give them time and love can provide a welcome distraction.
7. We have also had our team members risk their lives to [deliver cash](#) and medical aid on the front lines to the hospitals which are still operating including [the famous Indonesia hospital](#) which has been all over the news.
8. Our teams have also been continuing our [psychological support](#) for children in shelters to try and keep their spirits high by giving them gifts, playing games and other activities.
9. Our teams also delivered [blankets](#) and giving out [cash](#) to hundreds of families and delivering [clean water](#) to many areas. This is literally life saving aid being distributed inside Gaza over the past 7 months.
10. During Ramadan 2024, we have delivered [daily iftar meals](#), [flour](#), [bread](#), [meat](#) in [north Gaza](#), [clean water](#), and other support.
11. Spent over 2 million pounds on aid thanks to your support.
12. Please check out our [Gaza video playlist](#) for further videos

As it's your amanah, we are taking extra care in distributing your donations as we are wanting to utilise them diligently for the long term. This is an ongoing assessment.

As the situation changes day by day, we are in constant dialogue as to the aid delivery and the well being of our brothers and sisters and we would like to reassure the donors that your donations are being utilised for the people of Gaza as soon as possible.

Please keep them In your dua, keep raising awareness, keep donating and encouraging others to also donate.

if you have any further questions please do not hesitate to get in touch on 0300 500 1000.

Jazak Allahu Khayr and thank you for the continued support
