One Nation Gaza Update - 15/07/2024

One Nation has been active in Gaza since 2014, with a dedicated office and numerous staff and teams throughout the region. Over the years, we have undertaken various projects including distributing food, providing ambulances and medical aid to hospitals, implementing self-sustainable projects, organizing iftar during Ramadan, rebuilding homes after conflicts, and much more.

In response to the latest aggression in October, we have expanded our efforts to provide emergency relief and support across Gaza:

- * Aid from Egypt: Successfully delivered 61 trucks of aid such as food, hygiene kits, water, and other aid from Egypt, and we will continue to do so as circumstances permit
- * Medical Clinics: Delivered various medical aid to many hospitals across Gaza and have recently set up a field hospital in Khan Younis.
- * Qurbani Project: Provided fresh meat to those in need through our Qurbani project.
- * Support for Children: Visited hospitals to distribute toys to orphans and children affected by bombings, offering them love and distraction during these difficult times.
- * Baby Milk Distribution: Supplied baby milk to mothers with young children, and we are also planning to support pregnant mothers with essential aid and supplies.
