One Nation Gaza Update – February/Ramadan 2026

Since 2014, One Nation has maintained a permanent presence in Gaza through our local office and dedicated teams on the ground. As the crisis continues, our commitment to the people of Gaza has not wavered and remains as strong as ever.

Between 2023 and 2026, One Nation delivered critical humanitarian assistance across North Gaza, Gaza City, Khan Younis, Jabalia, Maghazi, Deir Al Balah, and Rafah. Our response has included:

- Medical aid and psychological support for children
- Food assistance including parcels, meat, vegetables, and hot meals
- Access to clean water and distribution of hygiene kits
- Winter support such as clothing, blankets, and mattresses
- Ongoing support for orphans, widows, and pregnant women
- Improvements to sewage systems and electricity supply
- Search and rescue operations
- Emergency cash distributions
- Shelters for displaced families
- Qurbani 2025: Fresh meat distributed throughout Gaza during Dhul Hijjah, reaching displaced families, widows, and orphans with the blessings of Eid

To facilitate timely and effective aid delivery, 70 trucks of humanitarian supplies were procured in Egypt, with over £12 million allocated to Gaza relief efforts.

As the situation continues to change, our teams remain on the ground, closely monitoring needs and adapting our response accordingly. With your continued support, these lifesaving projects will not only continue but will also be carried forward into Ramadan 2026, ensuring sustained assistance during a critical period for vulnerable families.

For more updates, watch our [Gaza video playlist](#).

Your generosity is making a real and direct impact, bringing relief and hope to those facing unimaginable hardship.

Please continue to keep the people of Gaza in your duas, raise awareness, and encourage others to support this vital cause. Together, we can continue to make a lasting difference.
